01 / YOUR EQUIPMENT

# The right fit for your space.

A compact refreshment point or a larger selection for a busier location. We help plan the right setup.

D&G LEGACY

## Single-Door Smart Cooler

A compact choice for snacks and cold drinks in staff rooms, lounges and shared indoor spaces.

D&G LEGACY

## Double-Door Smart Cooler

More shelf space for a wider assortment at locations with stronger daily demand.

**COFFEE FOR YOUR BREAK AREA**

Ask about coffee service options to complement your vending setup. Equipment, menu and availability are confirmed during your location review.

Equipment shown is illustrative. Payment options, technology, dimensions and fresh-food capability vary by model.

02 / YOUR SELECTION

# Your people. Your picks.

Choose your starting mix from our available inventory list. Share favorite brands, flavors and dietary preferences, then help us fine-tune the selection.

## SAMPLE SELECTION GUIDE

Tell us what you would like to see.

- ☐ **Cold drinks**
  Water, sparkling water, sodas and sports drinks
- ☐ **Energy & coffee**
  Energy drinks and ready-to-drink coffee
- ☐ **Salty snacks**
  Chips, pretzels, popcorn and crackers
- ☐ **Sweet treats**
  Chocolate, candy, cookies and pastries
- ☐ **Protein & lighter picks**

03 / SERVICE THAT STAYS PERSONAL

# Stocked. Serviced. Supported.

A convenient amenity should be easy to live with. D&G Legacy Vending takes care of the everyday work and gives your location a direct point of contact.

01

### Restocking around demand

We review what sells and adjust the mix to help keep popular products available.

02

### Maintenance & care

Routine cleaning, product-date checks and equipment maintenance are part of the service.

03

### Requests that reach the owner

Product suggestions and service questions go directly to Jason, your owner operator.

04

### Help with purchase issues

Report a payment or product problem with your location and purchase details so we can review it.

**A GOOD FIT FOR**

Workplaces & warehouses | Apartment communities

Fitness centers & recreation spaces | Staff & resident lounges

We review daily traffic, building access, indoor placement, power and servicing access before recommending equipment. Availability during overnight hours depends on building access.
